The New York and Indianapolis Bank Troubles—President Arthur on a Pleasure Tour.

Grover Cleveland at Home.

ALBANY, July 26.—Grover Cleveland's time is occupied to-day with matters of a routine nature at the executive chambers. Among the callers was General Rosecrans. The committee of notification is expected in Albany early Monday morning. The formal notification will take place at the executive mansion at 3:30 o'clock Tuesday. A large number of distinguished democrats from all parts of the country will be here next week.

The Marine Bank.

New York, July 26.—Receiver Johnson, of the Marine bank, has begun the payment of the fifteen per cent dividend. Three hundred depositors were paid \$400,000. The total amount of the dividend is \$600,000.

THE HARRISON BANK.

Developments in the Harrison Bank failure at Indianapolis show that the bills receivable amount to but \$3,000, while the cash assets are only \$119. The statement for taxation in April showed assets of \$566,950. It is stated that J. C. S. Harrison secured notes for a large amount from Charles Mayer & Co., and accommodation from W. B. Dickson & Co., all of which he hypothecated.

Drugged and Robbed—Struck by a Train.

CINCINNATI, July 26.—Jean C. Bachu, of Los Vegas, N. M., representing himself to be a millionaire cattle dealer, and who has been in the city for a few days, yesterday was enticed into a hack to visit the Lotonia race track to see some fine stock. It was reported at a late hour last night that he had been drugged, beaten and robbed of money and checks to the value of \$13,000.

A buggy containing Henry Wunkel and Sam Fowler, a colored boy, was struck by a train on the New York, Pennsylvania and Ohio railroad this morning at Winton place crossing. Fowler was probably fatally hurt. Wunkel escaped with some bruises.

A Policeman Shot.

MINNEAPOLIS, July 26.—At 3 o'clock this morning Officer McLaughlin arrested Tony Carney, Mark Gorman and James Porter, for riotous proceedings. It an attempt to escape both officer and men fired and the officer fell with a fatal wound in the bowels. The prisoners escaped, but at a later hour all were again arrested and are now in jail. The shooting of the officer is condemned and violence is anticipated. The prisoners belonged to a local gang which terrorized the community several years ago. All but three are scattered.

The Penitentiary.

PARIS, July 26.—The fanatics of this city announce that James A. Stephens, the ex-fanatic head center with Mr. Gallagher, propose to visit America for the purpose of advocating the Irish cause. It is expected the British authorities will demand the extradition of the fanatics concerned in the Scotland yard outrage.

A More Serious Conflict.

PARIS, July 26.—In his remarks concerning the revision of the constitution yesterday before the senate, Minister Ferry created a profound sensation by warning the senate that unless the question of revision was settled now, there would be a more serious conflict before the end of the year.

And Young Men Arrested.

LYNNBURG, Va., July 26.—Silas Hudson, James Padgett and Arthur Page, young men, are under arrest for placing

logs on the track of the Richmond and Allegheny road.

Keene's Estate Sold.

NEWPORT, R. I., July 26.—It is reported that James R. Keene's estate here was sold to Mr. Fiske, of New York, for \$8,000.

The First Case.

CINCINNATI, O., July 26.—The first case against the liquor dealers under the Scott law was decided in a justice court in favor of the county treasurer.

WASHINGTON, July 26.—Judge Advocate General Swain has been suspended from duty pending his trial by court martial and Assistant Judge Advocate General Seiber is directed to take charge of his office.

Stocks Booming.

NEW YORK, July 26.—The stocks are buoyant and excited, no such market has been seen for a long time. The past dealings are on an enormous scale and large blocks of leading shares are taken with confidence.

Fire.

MILLERSTOWN, Pa., July 26.—A fire broke out in the Schrieber house this morning from the explosion of a lamp and before the flames were subdued an entire block, including the hotel, her old office, Odd Fellows hall and two stores belonging to a man named Fredericks, were entirely destroyed. Loss \$30,000; partly insured.

A Little Mill.

NEW YORK, July 26.—Five hundred sports assembled at Williams' woods, near Flushing, L. I., at daybreak. While a ring was being pitched, Referee Harding announced that Fulljames would not fight on account of so many friends of Dempsey being present. Fulljames then drove to this city, followed by Dempsey, where it is understood the fight will take place in a private house.

A Big Failure.

CHICAGO, July 26.—J. H. Kerrick & Co., machinery, iron and wood-work dealers, assigned to-day to H. S. Pell, who filed bond for \$100,000 and took possession. Kerrick went through the bankruptcy in Indianapolis last year, when the law was in force. He came here and did a heavy business until the late stringency. The failure is owing to the difficulty of collecting notes for stuff sold.

The President.

WASHINGTON, July 26.—The president left this city this afternoon on the United States steamship Dispatch, accompanied by John Davis, assistant secretary of state, Private Secretary Phillips, Miss Nellie Arthur and Miss May McElroy. The vessel is expected to arrive at New York Monday afternoon. The president will remain at New York a week and then proceed up the Hudson to Kingston. The committee will meet St. John at some point in Western New York about the middle of August.

The Scott Law.

TOLEDO, O., July 26.—A decision was rendered in the district court to-day in the cases of Shepherd vs. the treasurer of Ottawa county, and Ballin vs. the treasurer of Lucas county, by Judge Conranger, Judge Lemmon concurring, on the motion to dissolve the injunctions to prevent the treasurers from enforcing distraints to collect the Scott tax. The judge held the law constitutional, being so decided by the supreme court, but made no decision on the point whether the Scott law imposes a tax or non-assessment. If tax, the court held it should not be collected by distraint before December 20, when the second half falls due. If assessment, it can only be collected after a suit and formal verdict in the treasurer's favor. The judge therefore continued the restraining order till matters in the issue be determined on trial.

A newspaper in Montreal has attacked Judge Caron, who tried the Emme case, and an application has been made for the editor's arrest.

LATER.

St. Louis, July 26.—Additional developments regarding the alleged cholera patients reported as coming to St. Louis, on the steamer Annie P. Silver, are that the family is domiciled at the female hospital here, with the exception of the husband, who is boarding at a house on the levee. father of Norris, killed on the Pittsburgh

man ordered his son's remains interred  
here. It seems that Norris and his  
friend were not professional tramps.

Sto. well this state Thursday. A thun-

derneath. His death was instantaneous.

the palsy is.

Dr. H. V. Sweringer, the county health  
officer, says he would not at all be sur-  
prised if the cholera would yet become  
epidemic in this country during the next  
two months. He also says that in the  
treatment of a case the physician should  
not fool much with medicine given per  
mouth, but should at once administer a  
hypodermic injection of from one-half to  
a grain of morphia, for the purpose of  
paralyzing the peristaltic action of the  
bowels. He says, further, that in this  
disease there is a great disturbance of  
the natural osmotic action of the body,  
in consequence of which medicine  
given by the stomach, if not immediately  
vomited, which is usually the case, re-  
mains unabsorbed and, therefore, inef-  
fectual in controlling the disease. But  
medicine given hypodermically cannot  
be vomited, because it enters almost im-  
mediately into the circulation although  
not so rapidly in cases of this disease, as  
in all other cases, for the reason above given.

## BUILDING BOOM. The Growth of the City for the First Six Months of the Present Year.

A Grand Showing of the Money  
Invested in Fort Wayne, Rep-  
resenting Over \$200,000.

THE SENTINEL takes pleasure in pre-  
sents to its readers the growth of the  
city, as shown by the building permits,  
issued by the city clerk, from January 1  
to July 1, 1884. From this can be  
gained some idea of the progress of the  
city in the way of improvements and  
the amount of capital invested, although  
the latter is by no means as accurate as  
might be desired. The value placed  
upon the contemplated improvement  
seldom, if ever, represents the true  
value or the full amount of money  
which is expended before it is completed  
and competent judges claim that the  
value given in the permit should be  
doubled to reach the real value of the  
property. This has not been done in  
this review, but the estimate as given  
by these permits will show that the  
expenditures in this direction will  
aggregate more than \$200,000. This is  
a most excellent improvement, all things  
considered, and shows a wonderful im-  
provement. Below is given the name of  
the owner, description of the improve-  
ment and the value placed thereon of all  
buildings erected during the first half of  
the year:

**NOTICE—TAPPING PUBLIC SEWERS.**  
Attention is hereby called to the ordinances  
of the City Council of Fort Wayne in re-  
spect of tapping the sewers with private drains,  
Section 1, of Chapter 6, is as follows: "Be-  
fore any connection can be made with any  
public sewer, a permit must be obtained from  
the City Engineer."  
Section 4: All applications for permits to  
connect with sewers must be made in writing  
by the owner of the property to be drained,  
or by their authorized agent, and must be ac-  
companied by a clear description of the premises  
and of the drains required, together with  
the water closets, sinks and other fixtures to  
be connected with the same, so that said de-  
scriptions may be filed in the office of the City  
Engineer.  
Section 5: "At least forty-eight hours must  
be given to the City Engineer's office before  
any street or public way can be opened for  
the purpose of laying a private drain."  
For the non-observance of these ordinances  
a penalty of from five to fifty dollars is at-  
tached, and by a resolution of the Council, at  
its last session, the City Engineer is reminded  
of and required to see that they are observed.  
J. STATHOSIAN,  
City Civil Engineer.

**TOO MUCH "LUCK."**  
A Grand Rapids Grain Dealer and Grocer  
Puts on Our City Red-Hot Loss  
His Boogie.

About a week ago a rather gay and  
festive youth landed in Fort Wayne  
dressed like a prince. He proceeded to  
the Robinson house, where he registered  
and deposited in the safe at that hostelry  
nearly \$600 in cold cash. Staples took  
into his confidence several of our swell  
young bloods, who steered him about the  
city and pointed the sights. He at  
once was enamored by a dandel in a  
house of questionable resort and char-  
tering a hack, with his fair companion,  
circumnavigated the city, drinking Mum's  
extra dry at every saloon. He would  
drive a straight \$100 every morning and  
in less than twenty-four hours it would  
slip through his fingers. At last his  
boodle dwindled down and he tele-  
graphed home for more money. It  
came in the shape of a draft for a  
large amount on L. Lauffer's bank.

Last night Staples was around as usual  
spending the last remittance and making  
his companionary jays at his expense.  
He will, if he keeps on, go back to his  
quiet home in Michigan a poorer man,  
but with a vast store of knowledge of  
Fort Wayne's greatness.

Brent J. Tolson will shortly re-  
move his office to Muncie.
